

EASTeR Project DRAFT

Parish: _____

Date: _____

Entrepreneurial:

As a parish, if we could do anything to bring others close to Christ, what would we do? Think outside the box! Be creative and do not let experience limit your ideas!

Accountable:

As a leadership team seeking to be Missionary Disciples focused on forming others through Encounter, Accompany, Community, and Send, what are the practical ways we will hold ourselves accountable to achieve that mission? There are many ways to assess your progress! Think creatively.

Serve, Transform and Reach Out

Identify those in need. How do we serve, transform and welcome them? In Everyone Leads, needs were identified and action taken. How does this apply within our parish? What can the parish do now? How do we welcome the newcomer? How do we continue to enhance the spiritual life of the long-time parishioner? How is the parish a 'light in the darkness' or a beacon to those in need? (As a parish, more is possible. Be careful not to anchor your thoughts to what the parish is already doing.)
